CONTENTS OF INVENTORY

Use of materials. If you wish to examine items in the manuscript group, please place a request via the Special Collections Request System. Consult the Container List for location information.

Photocopying. Should you wish to request photocopies, please consult a staff member. Do not remove items to be photocopied. The existing order and arrangement of unbound materials must be maintained.

Publication. Readers assume full responsibility for compliance with laws regarding copyright, literary property rights, and libel.

Proper acknowledgement of University Archives materials must be made in any resulting writing or publication. The correct form of citation for this record group is given on the summary page. Copies of scholarly publications based on research in the University Archives are welcomed.

SUMMARY

Size	8 linear feet.
Geographic Location	Louisiana.
Inclusive Dates	1978-1991.
Bulk Dates	1980-1985.
Languages	English.
Summary	System design notebooks for computer systems for various offices and functions of Louisiana State University's (LSU) Baton Rouge campus, the University of New Orleans, the LSU System, the LSU Foundation, and the LSU Alumni Association.
Related Collections	Office of the Chancellor Records, A0001
Access Restrictions	None.
Copyright	Physical rights are retained by LSU Libraries.
Citation	Louisiana State University Administrative Information Systems Records, A0011, Louisiana State University Archives, LSU Libraries, Baton Rouge, La.
Stack Location	Range 9:.

HISTORICAL NOTE

Administrative Information Systems (AIS) was established in 1983. Its name changed to Enterprise Solutions Group in 2000 and to University Information Systems (UIS) in 2006. The mission of AIS is to develop, enhance, maintain, and protect the academic, research, and administrative information resources of the university. The present-day UIS is a division of Information Technology Services.

SCOPE AND CONTENT NOTE

This record group consists of notebooks generated during the initial design process of LSU's administrative computer system. Notebooks include descriptions of both internal and external design for departments such as the Office of Admissions, the Department of Residential Life, the Office of the University Registrar, and the LSU Foundation. Other notebooks include system designs to evaluate transfer credit, degree audits, and budget and payroll. Also included are copies of the System Network Computing Center's newsletter.

INDEX TERMS

Louisiana State University (Baton Rouge, La.). Administrative Information Systems.
Louisiana State University (Baton Rouge, La.)--Information technology.
Louisiana State University System--Information technology.
LSU Alumni Association--Information technology.
